ABSTRACT

This document expressions the mandatory format and appearance of a essay prepared for CRIJ e-journals. The abstract should consist of a solo paragraph containing no more than 80-90 words. It should be a summary of the paper and not an starter. Because the immaterial may be used in abstracting and indexing databases, it should be self-sufficient (i.e., no numerical references) and essential in nature, presenting concisely the intentions, organization used, results found, and their connotation. A list of up to six keywords ought to immediately follow, with the keywords disconnected by commas and culmination with a period. (Italic, Font Size 9, Verdana)

KEYWORDS (Include 4–6 relevant keywords separated by commas)

optics, photonics, light, lasers, stencils, journals (Italic, Font Size 9, Verdana)

I. INTRODUCTION

This section should provide the background, objectives, and scope of the research. In Introduction you can mention the introduction about your research This article shows the suggested setup and attendance of a manuscript organized for CRIJ monthlies. Established papers will be for a living typeset. This template is intended to be a tool to improve manuscript clarity meant for the referees. The final layout of the typeset paper will not match this template layout. (Font Size 10, Verdana)
